Investment Facilitation in Africa: Problems and Recommendations

Challenges

Red tape/ delays/ Excessive bureaucracy

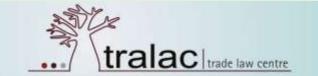

No transparency and disclosure of investment related information

Inefficiency/ corruption

Lack of harmonization of laws, regulations or policies

No coordination and cooperation among institutions/authorities/depts

Capacity building Technical and financial assistance throughout the entire process

Binding commitments SDT provisions
Binding dispute settlement
mechanisms

Multi-stakeholder approach

Recommendations

Engage regionally/multilaterally

National strategies

Should be included in the AfCFTA Investment Protocol alongside Investment Protection
