ANNEX TO THE DECISION ON REPORT OF THE 3<sup>RD</sup> STC ON SOCIAL DEVELOPMENT, LABOUR AND EMPLOYMENT, ADDIS ABABA, ETHIOPIA, 1-5
APRIL 2019 - Doc. EX.CL/1161(XXXV)

Declaration of the Ministers of Social Development, Labour and Employment of the African Union on Democratization of the Governing Body of the International Labour Office

#### Preamble

**Considering** that the present configuration of the Government Members <sup>1</sup> of the Governing Body of the International Labour Organisation (ILO) is undemocratic with ten (10) Members that are constitutionally designated as countries of chief industrial importance <sup>2</sup> occupying non-elective seats while the rest of the 177 Members are entitled to eighteen (18) elective seats that are distributed among the four regions of the ILO and subject to elections every three years.

**Acknowledging** that equity and equality of representation in the ILO Governing Body shall only be realized through the entry into force of the 1986 Instrument of Amendment of the ILO Constitution which among other things seeks to abolish non-elective seats.

**Further acknowledging** that for the 1986 Instrument to enter into force it must be ratified or accepted by two-thirds of the ILO (125) Membership, which currently stands at 187, including at least five of the ten Members of chief industrial importance.

<sup>22. &</sup>lt;sup>1</sup> Regular Members of the Governing Body (28 Governments, 14 Workers and 14 Employers) total 56.

<sup>23. &</sup>lt;sup>2</sup> Brazil, China, France, Germany, India Italy, Japan, Russia Federation, United Kingdom and United States

**Noting** that 28 government deputy seats of the Governing Body were introduced as an interim administrative arrangement in 1995 through amendments to the International Labour Conference's Standing Orders pending the entry into force of the Instrument of Amendment of the ILO Constitution.

**Further noting** that the interim arrangement reflects as far as possible the 1986 Amendment as regards the composition the Government Group by distributing the 28 deputy seats as fairly as possible among the organization's four regions -Asia, Africa, the Americas and Europe.

**Observing** that as at 14 February 2019, 109 ratifications and acceptances have been registered, including two from Members of chief industrial importance (India and Italy).

**Further observing** that an additional 16 ratifications or acceptances, including at least three from Members of chief industrial importance (from among Brazil, China, France, Germany, Japan, Russian Federation, United Kingdom and United States), are required for the 1986 Amendment to enter into force.

**Concerned** that if the two-thirds threshold is to be achieved without the additional three ratifications or acceptances from any of the remaining 8 countries of chief industrial importance the 1986 Instrument of Amendment will not enter into force as any constitutional amendment must be ratified by at least five of the ten countries of chief industrial importance in accordance with article 36 of the ILO Constitution.

*Mindful* that democratization of the ILO Governing Body:

- i) Is part of the unfinished business of the ILO affecting all Members of the organization that do not hold non-elective seats and that these Members have the collective responsibility to promote ratification of the 1986 Instrument of Amendment;
- ii) Ought to be addressed as a matter of urgency as the ILO enters into its second centenary.

**Conscious** that this unfinished business relates to social justice which is at the heart of the organization and its work, the ILO ought to lead by example within the United Nations system.

#### Call for Immediate Action

**We,** the Executive Council of the African Union whose countries are Members of the International Labour Organization;

**1. Express** our concern about the lack of progress towards improving governance in the ILO's Governing Body;

2. Recall paragraphs 60 and 62 of our Agenda 2063 in which we advocate equal participation in the multilateral institutions and reforms of the United Nations and other international institutions.

### Do hereby:

- 1. Call Upon the Director General of the ILO to bring this Declaration wherein we are seeking immediate action to the attention of all Members of the Organization that are still to ratify the 1986 Instrument of Amendment;
- 2. Urge all Members that are still to ratify the 1986 Instrument of Amendment to do so forthwith in order to bring equity and equality of representation in the Governing Body in the second centenary of the ILO;
- 3. Appeal to the 8 Members currently designated as countries of chief industrial importance, occupying non-elective seats and have not yet ratified the 1986 Instrument to do so forthwith as the present structure of the Governing Body of the ILO does not reflect the sovereign equality propounded in Article 1 of the Charter of the United Nations.
- IV. REPORT OF THE 2<sup>ND</sup> STC ON TRANSPORT, TRANSCONTINENTAL AND INTERREGIONAL INFRASTRUCTURE, ENERGY AND TOURISM (TTILET), CAIRO, EGYPT, 14-18 APRIL 2019 Doc: EX.CL/1162(XXXV)
- **24. ENDORSES** the following:
  - i) the Continental Transport Policy Paper;
  - ii) the Guidelines on Corridor Management Institutions;
