COMMITTEE ON HEALTH, POPULATION AND DRUG CONTROL
(STC-HPDC-3) CAIRO, EGYPT 29 JULY- 2 AUGUST 2019

We, the Ministers of Health of the African Union Member States, meeting at the 3rd
Specialized Technical Committee on Health, Population and Drug Control in Cairo, Arab
Republic of Egypt from 1 to 2 August 2019 convened by the African Union Commission

Commitments on AIDS, Tuberculosis, Malaria, Viral hepatitis as well as other –
infections;

ALSO RECALLING the two World Health Assembly Resolutions (WHA63.18 and
WHA67.6) of 2010 and 2014 recognizing Viral Hepatitis as a public health problem and
the need for governments and population to prevent, diagnose and treat viral hepatitis;

strengthening health systems; as well as ensuring the availability of adequate,
sustained financial resources and trained and motivated human resources to conduct hepatitis-specific activities;

10. **ADDRESS** the inequity in Hepatitis B care and treatment that prevents access to essential life-saving medication of Tenofovir to mono-infected hepatitis B patients while providing free access only for patients with HIV/Hepatitis B co-infection. In addition to the introduction and scale-up of curative DAA treatment for all patients with Hepatitis C infection.

DECLARATION
ON AFRICAN COMMON POSITION ON ANTIMICROBIAL RESISTANCE

WE, the Heads of State and Government of the African Union, meeting at the 33rd Ordinary Session of the Assembly of the Union in Addis Ababa, Ethiopia, from 9 to 10 February 2020;

CONCERNED that Antimicrobial Resistance (AMR) is a development that is challenging and threatening the achievement of Sustainable Development Goals and Agenda 2063, related to human, aquatic, marine and terrestrial animal health, biodiversity and ecosystems, clean water, poverty, and hunger; and that drug resistance causes an estimated 700,000 deaths each year globally, and, if current trends continue, AMR could result in over 10 million deaths per year and over 100 trillion USD in lost output globally by 2050;

ALSO CONCERNED that many Africans lack access to high-quality antimicrobials, resulting in millions of preventable illnesses and deaths annually;

COGNIZANT that Member States face challenges in ensuring that National Action Plans on AMR are fully developed, funded, implemented, and measured, that Plans include a One Health approach and cover all sectors, and that Plans are main-streamed into universal health care, economic development, and other high development priorities;

1. ADOPT the African Common Position on Antimicrobial Resistance of the Ministers of Health, Population and Drug Control of the Member States of the African Union, held in Cairo, Egypt, on 1 and 2 August 2019, at the occasion of the Third Ordinary Session of the Specialized Technical Committee on Health, Population and Drug Control (STC-HPDC-3) (as annexed).
DECLARATION ON AFRICAN COMMON POSITION ON ANTIMICROBIAL RESISTANCE
THIRD ORDINARY SESSION OF THE SPECIALISED TECHNICAL COMMITTEE ON HEALTH, POPULATION AND DRUG CONTROL (STC-HPDC-3) CAIRO, EGYPT 29 JULY- 2 AUGUST 2019

RECALLING the commitments, strategies, and guidance from international organizations, intergovernmental organizations, and Member States regarding Antimicrobial Resistance (AMR) and the highest level commitment shown by Africa’s Heads of State and Government to improve the health of Africans, including:

- Agenda 2063, the Africa We Want
- The Africa Health Strategy, 2016-2030
- African Union Framework for Antimicrobial Resistance Control, 2020-2025
- Africa Centres for Disease Control Framework for Antimicrobial Resistance Control, 2018-2023
- Declaration of Heads of State on Accelerating Implementation of International Health Regulations in Africa (2017)
- Political declaration of the High-Level Meeting of the UN General Assembly on AMR (2016)
- The 2030 Agenda for Sustainable Development
- Antimicrobial Framework for Action of the Inter-Agency Coordination Group
- The WHO Global Action Plan on Antimicrobial Resistance
- The FAO Action Plan on AMR
- The OIE Strategy on Antimicrobial Resistance
- International Health Regulations IHR (2005)
- Abuja Declaration and Africa Scorecard on Domestic Financing for Health
- Continental Free Trade Area (CFTA)

ACKNOWLEDGING that addressing AMR requires action by governments, international organizations, private sector, academia, and civil society, across human, animal, and environmental health sectors; and that African Union organs have begun implementing programs to address AMR, including the Africa Centres for Disease Control and Prevention (Africa CDC), Inter-African Bureau for Animal Resources (AU-IBAR), African Union Pan- African Veterinary Vaccine Centre (AU-PANVAC), Inter-African Phytosanitary Council (AU-IAPSC), and AU Pan-African Tsetse and Trypanosomiasis Eradication Campaign;

RECOGNIZING that antimicrobials are a resource shared by humans for the benefit of humans, animals, and plants, and that AMR organisms are increasing globally, threatening to render existing treatments ineffective against many infections;
ALSO RECOGNIZING that the emergence of AMR is accelerated by inappropriate use of antimicrobial agents in humans, animals, plants, and the environment, including:

- Self-treatment of illness by lay persons
- Non-indicated administration to ill persons by healthcare providers and others
- Distribution in the environment to improve crop yield
- Addition to feed to promote growth in animals reared for food consumption

FURTHER RECOGNIZING that AMR control is threatened by gaps in research and development on new antimicrobials, vaccines, diagnostics, waste management tools, and other interventions;

REGRETTING that AMR emergence may be further amplified by substandard or falsified antimicrobials, which impair treatment of existing infections and may help select for AMR strains;

ALSO REGRETTING that transmission of AMR is accelerated by inadequate infection prevention and control in healthcare facilities, by contamination of the food supply with AMR bacteria, by impaired access to potable water, and by limitations in public health prevention programmes, including immunization, sanitation, and sexual health;

CONCERNED that AMR is a development that is challenging and threatening the achievement of Sustainable Development Goals and Agenda 2063, related to human, aquatic, marine and terrestrial animal health, biodiversity and ecosystems, clean water, poverty, and hunger; and that drug resistance causes an estimated 700,000 deaths each year globally, and, if current trends continue, AMR could result in over 10 million deaths per year and over 100 trillion USD in lost output globally by 2050;

CONCERNED ALSO that many Africans lack access to high-quality antimicrobials, resulting in millions of preventable illnesses and deaths annually;

COGNIZANT that Member States face challenges in ensuring that National Action Plans on AMR are fully developed, funded, implemented, and measured, that Plans include a One Health approach and covers all sectors, and that Plans are mainstreamed into universal health care, economic development, and other high development priorities.

WE RECOMMEND TO AFRICAN UNION MEMBER STATES TO:

   a. Increase the number of tests performed on humans, animals, and plants for AMR organisms;
   b. Increase the proportion of human and animal diagnostic laboratories with quality assurance programs and international accreditation

   a. Restrict over-the-counter sales of antimicrobials classified as “watch” and “reserve” by the World Health Organization;
   b. Increase the proportion of healthcare providers adhering to prudent antimicrobial use guidelines;
   c. Increase the proportion of veterinarians and food producers adhering to prudent antimicrobial use guidelines, including use of safe farming practices (e.g. good nutrition, vaccination, biosafety and biosecurity) and halting all use of medically important antimicrobials for growth promotion;
   d. Reduce availability and sales of sub-standard and falsified antimicrobials.

3. Develop policy, implement programs, finance, and train human resources to limit transmission of AMR, including:
   a. Increase the proportion of healthcare facilities implementing infection control and prevention programs and antimicrobial stewardship programs;
   b. Increase the availability and sales of animal products and crops produced with prudent antimicrobials use;
   c. Increase access to clean water, sanitation, and hygiene in healthcare facilities, farms, schools, households, and community settings;
   d. Increase compliance with international standards for management of human, animal, and industrial waste.

4. Develop policy, implement programs, finance, and train human resources to mitigate harm from AMR, including:
   a. Increase the number of healthcare facilities with quality diagnostic tests for infection and AMR;
   b. Reduce the availability and use of substandard diagnostic tests and supplies;
   c. Increase the proportion of healthcare providers, veterinarians, and healthcare facilities adhering to guidelines for treatment of susceptible and AMR infections in humans and animals;
   d. Maintain consistent supply of and access to essential antimicrobials that have been quality assured.

5. Establish and strengthen national task forces that represent human, animal, plants and environmental agencies;
6. Develop or revise, fund, and monitor national action plans for AMR;

7. Engage civil society organizations, media, and the general public to promote awareness and understanding of AMR and support for programs to control AMR.

WE RECOMMEND TO REGIONAL ECONOMIC COMMUNITIES TO:

1. Harmonize regulation of antimicrobial agents used in humans, animals and plants.
2. Harmonize protocols for recording, analysing, and reporting AMR and antimicrobial use.

WE REQUEST THE AFRICAN UNION COMMISSION TO:

1. Fully constitute, fund, and manage an African Union Task Force on AMR, for monitoring, reviewing, coordinating, and developing policies related to AMR with representation from all relevant human, animal, plant, and environmental agencies in a One Health approach.

5. Work with African universities and research institutions to promote innovation in defining and quantifying the source and extent of AMR and development of new antimicrobials, vaccines, diagnostics, and waste management tools to secure the future of antimicrobial resistance so no one is left behind.
6. Strengthen the African Union to become a unified and influential voice in global governance and accountability in AMR.

DECLARATION ON THE SITUATION IN PALESTINE AND THE MIDDLE EAST

WE, the Heads of State and Government of the African Union, meeting at the Thirty Third Ordinary Session of the Assembly of the African Union held in Addis Ababa, on 9 and 10 February 2020,

TAKING NOTE of the report on the situation in Palestine and the Middle East and recalling all the previous resolutions and decisions adopted by the Organization of African Unity / African Union on the situation in Palestine aimed at achieving a lasting peace and security in the Middle East.

REAFFIRMING our full support for the Palestinian people and the Palestine Liberation Organization in their legitimate struggle against the Israeli occupation under the leadership of President Mahmoud Abbas in order to restore their inalienable right to establish an independent Palestinian State existing side by side with the State of Israel.

REITERATING our desire to find a peaceful political settlement to the Arab-Israeli conflict in accordance with the principles of international law and all relevant United Nations’ resolutions calling for the establishment of a Palestinian state on the borders of June 4, 1967 with East Jerusalem as its capital on the basis of the two-state solution and in conformity with the UN Resolution 194 on the return of Palestinian refugees.

RENEWING our call for the resumption of negotiations between the two sides to achieve a just, comprehensive and lasting peace in the Middle East, support all initiatives aimed at finding a lasting solution to the Palestinian-Israeli conflict, and negotiate through an international multilateral mechanism that includes all permanent status issues, borders, security, settlements, refugees, water, and prisoners, while ensuring compliance with international legitimacy, implementing what is agreed upon within a specified period of time and providing guarantees for implementation.

AFFIRMING the steadfastness of our position in support of the Palestinian cause and the continued efforts of the Union to achieve a comprehensive and just peace for the Palestinian people. We expect that all Member States will work to achieve this endeavour in their international relations, and that any cooperation of the countries of the continent with the State of Israel should not be supportive of the occupying entity at the expense of the historically established Pan-Africanist solidarity with the Palestinian people in their legitimate quest for liberation, freedom and justice.

RENEWING our call to all countries to uphold the legitimate legal status of the city of East Jerusalem as the capital of the State of Palestine, and to refrain from any action or act that would undermine the legitimate status of the city of Jerusalem, in particular to refrain from transferring embassies represented by Israel from Tel Aviv to Jerusalem.

REAFFIRMING that all settlements in the West Bank, East Jerusalem and the Syrian Golan are null and void and condemn the policy of land confiscation, house demolitions,
forced displacement of civilians, policies of racial discrimination and all measures of collective punishment implemented in the course of intensive colonial activities in the Occupied Palestinian Territory constitute a violation and a war crime under international law, and we express our deep concern at the subsequent declarations of resignation by the Israeli Government, which have predicted that the chances of achieving peace will decline.

**HEREBY DECLARE AS FOLLOWS:**

1. **CONDEMN** all repressive measures of occupation, and the policy of torture and execution of Palestinian citizens, especially targeting medical personnel, children, women and people with special needs who go out peacefully. We consider them crimes against humanity in accordance with the Fourth Geneva Convention. We call for the urgent international protection of the Palestinian people under occupation in full compliance with international human rights and humanitarian law.

2. **REAFFIRM FURTHER** that the entire territory of East Jerusalem, within the borders of 4 June 1967, is the capital of the State of Palestine, and **REITERATE** the previous decisions of the African Union in this regard. We call for the preservation of the sanctity of the Christian and Islamic holy sites in the holy city and the freedom to practice the religious rites of the heavenly religions, and **RECALL** the importance of upholding the historic status of the holy sites of Jerusalem under the Hashemite custodianship. We call on all Member States in their relations to take into account the specificity of East Jerusalem as the capital of the State of Palestine.

3. **CONDEMN** the Israeli settlement plans being implemented at an accelerated pace in the Occupied Palestinian Territory, including East Jerusalem, the capital of the State of Palestine, and the Jordan Valley in contravention of the rules of international law, in particular Security Council resolution 2334.

4. **RENEW** our call on all African countries to end all forms of direct and indirect dealing with the ‘apartheid-style’ illegal Israeli colonial settlement system in the territory of the State of Palestine, including East Jerusalem, in conformity with the provisions of paragraph 5 of United Nations Security Council Resolution 2334 and the previous decisions of the African Union in this regard, and **CALL UPON** Member States to take all measures to reverse this trend, drawing from the rich history of the contribution of the Organization of African Unity (OAU) to the liberation struggle that ultimately dismantled the apartheid regime in Southern Africa.

5. **DEPLORE** the campaign of incitement and distortion aimed at Palestinian President Mahmoud Abbas and the Palestinian leadership. We refuse to hold the Palestinian leadership responsible for not responding to the call for negotiations. We renew our support for the vision and initiative of President Abbas for peace
presented to the United Nations Security Council on 20 February 2018, which is based on the outcomes of international human rights and humanitarian law and the Arab peace initiative, through international multilateral mediation, within a specific time frame.

6. **CONSIDER** that the Palestinian refugees are all Palestinians who have been displaced from the historic land of Palestine since the Nakba in 1948, or left before this date and could not return, and their successor is related to the current generation. All of them acquire the individual and absolute right to return to their lands and homes from which they have been abandoned, while retaining the right to just compensation for the harm suffered.

7. **WELCOME** the decision of the United Nations General Assembly (UNGA) adopted in December 2019 to renew the mandate of the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA) for another 3 years until 2023, and **CALLS UPON** the international community to further support the financial assets of the Agency with the aim of enabling it to effectuate its mandate fully.

8. **CONDEMN** Israel's promulgation of a law that would allow the execution of Palestinian prisoners, which constitutes a clear violation of all international laws, charters and conventions that guarantee the protection of civilians and prisoners during war, including the Third Geneva Convention of 1949 and the Additional Protocols. The international community is called upon to stand up against these arbitrary measures.

9. **EXPRESS** our deep concern about the deterioration of the economic and humanitarian conditions in the Gaza Strip as a result of the Israeli blockade and hold the Israeli occupation fully responsible for the situation in the Gaza Strip. We believe that the crisis in the Gaza Strip is not merely a humanitarian crisis requiring emergency relief, but one of the manifestations of the colonial occupation, which should be addressed by ending the colonial occupation and enabling the geographical and political unity of the Palestinian territories between the West Bank and the Gaza Strip. We call on the international community to work to end this unjust Israeli blockade.

10. **DEPLORE** the successive Israeli policies aimed at judaization of the city of Jerusalem and its historical, legal and demographic nature, and the continuous aggression against Islamic and Christian holy sites, which imposes strict security restrictions on the worshipers and restricts freedom of worship in the Holy City. We call upon the United Nations to monitor the implementation of UNESCO's decision of 26 October 2016 concerning Jerusalem and to ensure the full implementation of the decision.

11. **CONDEMN** the policy of ethnic cleansing through forced displacement, house demolitions and the policy of racial discrimination practiced by the Israelis against
Palestinians in occupied East Jerusalem through evacuation orders for Palestinian Bedouin communities in the Red Khan in the vicinity of Jerusalem, whose aim is to isolate the holy city, cut off its geographical connection with the territories of the occupied West Bank in 1967, and achieve the demographic superiority of the settlers over the owners of the land of Jerusalem. This policy represents a case of racial segregation and contradicts the International Convention on the Suppression and Punishment of the Crime of Apartheid.

12. **IMPLORE** all African countries to end all forms of direct and indirect dealings with the illegal Israeli colonial settlement system in the territory of the State of Palestine, including East Jerusalem, in conformity with the provisions of paragraph 5 of Security Council Resolution 2334 and the previous AU decisions in this regard.

13. **REJECT** the racist Jewish National Law, which recognizes the Jewishness of the State of Israel, restricts the state and citizenship to the Jewish people only, denying two million Arab Palestinians (Muslim and Christian) their fundamental human rights and supports the confiscation of Palestinian land in favour of Israeli settlement.

14. **RENEW** our support for the vision and initiative of President Mahmoud Abbas for peace presented to the Security Council on 20 February 2018, which is based on the outcomes of international legitimacy and the Arab peace initiative, through international multilateral mediation, within a specific timeframe, and **DEPLORE** the campaign of incitement and distortion aimed at Palestinian President Abbas and the Palestinian leadership.

15. **CONDEMN** the arbitrary measures and sentences imposed on detainees, especially children and women, in Israeli jails, which deprive them of the minimum rights guaranteed by international human rights law and norms, including the Geneva Convention on the Rights of Women and Children. We therefore call upon the Israeli Government to release all Palestinian and Arab prisoners in Israeli jails immediately and unconditionally.

16. **AFFIRM** that a just solution to the Palestinian cause and the achievement of comprehensive peace and an end to the Israeli conflict can only be achieved through the establishment of a sovereign Palestinian state on the borders of June 4 in the West Bank and Gaza Strip, with East Jerusalem as its capital and not as a capital on the outskirts of East Jerusalem. And that there is no possibility of a political settlement and an end to the conflict with the establishment of a state in the Gaza Strip or a Palestinian state without the Gaza Strip.

17. **CALL** for the cessation of all actions and measures that are contrary to the international law and to the United Nations Resolutions, and in this context, **URGE** for scaling up of diplomatic action to revive the peace process and preserve the Two-State Solution.
18. **REITERATE** that a just, comprehensive and lasting peace in the Middle East requires full Israeli withdrawal from all occupied Palestinian and Arab territories to the June 1967 line, including the Syrian Golan Heights and the territories still occupied in Southern Lebanon;

19. **REAFFIRM** our solidarity with the Palestinian people in rejecting the so-called deal of the century, which was announced without consulting with the Palestinian leadership. This deal transcends the basic rights of the Palestinian people, including all relevant resolutions of international legitimacy and African Union declarations. We reject this so-called deal of the century as a reference to be used for political settlement and to make sincere and determined efforts to reach to a just and lasting solution based on the two States.
