DECISION ON REPORT OF THE COMMITTEE OF TEN (C-10) HEADS OF STATE AND GOVERNMENT ON THE REFORM OF THE UNITED NATIONS SECURITY COUNCIL, BY H.E. JULIUS MAADA BIO, PRESIDENT OF THE REPUBLIC OF SIERRA-LEONE

The Assembly,

3. **REITERATES** the crucial need to reform the United Nations to adapt to present geopolitical realities and emerging threats, in particular, the need to correct the historical injustice done to Africa by addressing Africa's non-representation in the Permanent category and its gross under-representation in the Non-Permanent category of the United Nations Security Council.

5. **WELCOMES**, in that regard, the broad and continued growing momentum of the support and legitimacy of the Common African Position on the Reform of the United Nations Security Council and the call for Africa to be treated as a priority and special case in the reform process.

7. **REITERATES** that full representation of Africa in the reformed United Nations Security Council means:
   
i) Not less than two (02) Permanent seats with all the prerogatives and privileges of Permanent membership, including the right of veto.

   ii) Five (05) Non-permanent seats.

   iii) That the African Union reserves the right to select its representatives for election to the UN Security Council to act in its name and on its behalf.
8. REQUESTS

i) The C-10 Heads of State and Government on the Reform of the UN Security Council must remain focused and vigilant in pursuing the mandate, including further canvassing support for the Common African Position as articulated in the Ezulwini Consensus and Sirte Declaration.

ii) The C-10 Heads of State and Government to continue to intensify its engagement with the Permanent Members (P-5) of the UNSC at the highest political level to follow up and build on previous engagements aimed at advancing and garnering the political will required to support the Common African Position on the Reform of the United Nations Security Council.

iii) The C-10 Heads of State and Government should continue to intensify its engagement with other Interest and Regional Groups, the African Group in New York, Addis Ababa, the P5, key stakeholders, and the UN Member States.

iv) African Union Member States to include the issue of the United Nations Security Council reform among their foreign policy priorities in their engagements with non-African partners, in particular, the need to correct, without further delay, the historical injustice that the African continent continues to endure.

v) The C-10 Heads of State and Government should also regularly review the “Common Language” for future inclusion in the statements of Heads of State and Governments of AU Member States during the high-level sessions of the UN General Assembly and other multilateral platforms. African Union Member States, to also reflect in their respective National statements at the opening of the 79th Session of the United Nations General Assembly in September 2024 a concise common language to advance the Common African Position and to reiterate the call for a comprehensive reform of the United Nations Security Council.

vi) The Common African Position, as enshrined in the Ezulwini Consensus and Sirte Declaration, is the only viable option for Africa. In this regard, African Union Member States should, therefore, remain cohesive on all aspects of the reform process and continue to speak with one voice in unity of purpose until the demands of the Common African Position articulated in the Ezulwini Consensus and Sirte Declaration are achieved.

vii) Given the present state of play of the United Nations Security Council reform process, the IGN established by Decision 62/557 is the most appropriate and legitimate forum for the reform of the UN Security Council.
viii) The C-10 Heads of State and Government prepares for “appropriate engagement” in the IGN process, guided by the Ezulwini Consensus, the Sirte Declaration, the 2015 Framework Document, and the Oyala Action Plan, to move the IGN process forward.

ix) Africa to only engage in text-based negotiations provided there is prior consensus between Member States on the five clusters and an agreed framework, which broadly addresses the issue of historical injustice, that has wide consensus, and a model of reform that clearly addresses expansion in both categories of the UNSC.

x) The C-10 Heads of State and Government should ensure that any document emanating from the IGN on the Reform of the Security Council and submitted to the United Nations Summit of the Future for inclusion in the Pact of the Future must include the urgent need to rectify the historical injustice done to Africa and that in the reform process, addressing non-representation and underrepresentation of Africa in Permanent and Non-Permanent categories of the UNSC respectively, should be treated as a special case and priority.

12. **ALSO REITERATES** that the African Union Member States in New York with dual membership should withdraw such membership from all other Interest Groups to consolidate further the Common African Position as contained in the Ezulwini consensus and the Sirte Declaration and to avoid conflicting with the Common African Position with the views/positions of the other Interest and Regional Groups.

13. **RESTATES** that Africa rejects any notion of longer-term seats, intermediary, or transitional options, as they do not seek to address the concerns and demands of the Common African Position as espoused in the Ezulwini Consensus and Sirte Declaration.
14. **DECIDES** that Common African position on the reform of the UN Security Council shall be a strategic item on the Assembly’s Agenda and Workplan, and in this regard, **REQUESTS** the Commission to continue to provide the required funding and support to facilitate the work of the Committee of Ten and to deliver on its mandate effectively.

We, the delegates participating in the Accra Reparations Conference held in Accra, Ghana from 14 to 17 November 2023, under the theme "Building a United Front to Advance the Cause of Justice and Reparations to Africans" (hereafter referred to as "Accra Reparations Conference" or "Conference"), and hailing from all the regions of the Continent of Africa and the African Diaspora, including the Caribbean, Latin America, North America, Europe and the U.K.;

EXPRESSING our profound appreciation to His Excellency, President Nana Addo Dankwa Akufo-Addo, the Government and People of the Republic of Ghana and the African Union for co-organizing and conducting this Conference, and to His Excellency Azali Assoumani President of the Union of Comoros, and Chairperson of the African Union (AU) for the support and contribution provided by the Union to this Conference;

ACKNOWLEDGING, with appreciation, the invaluable statements and contributions of the Prime Ministers of Burundi and Barbados, Ministers of Member States of the AU, the Secretary General of the CARICOM, Deputy Chairperson of the African Union Commission, and Senior Officials attending this Conference;

ALSO NOTING WITH DEEP APPRECIATION, the work led by the Permanent Representative of the Government of Ghana to the African Union in conceptualizing, formulating and shepherding the conduct of the Conference and other pre-conference activities with the AU Permanent Representatives Committee (PRC) as well as the substantive and invaluable contributions of the African Union Commission (AUC) in the preparation of the Conference;

RECOGNIZING that the Accra Reparations Conference convened with a shared commitment to addressing historical injustices and injurious crimes committed against Africans and people of African descent, through transatlantic enslavement, colonialism and apartheid, and to addressing the inequities present in the international economic and political orders, is a demonstration of the African Union's commitment to advancing the cause of reparatory justice and healing for Africans and for all people of African descent;

NOTING that the Accra Reparations Conference is in fulfilment of the decision taken in February 2023 at the 36th Ordinary Session of the Assembly of Heads of State and Government of the African Union, endorsing the Government of Ghana's proposal to co-organize with relevant stakeholders and host an International Conference towards "Building a United Front to Advance the Cause of Justice and the Payment of Reparations to Africans";
COGNIZANT that in July 2023, a High-Level delegation of the African Union conducted a study tour to the Republic of Barbados, with a view to developing stronger AU-CARICOM cooperation in advancing the agenda on reparations and racial healing;

NOTING FURTHER that the findings and recommendations that emerged from the Study Tour called for the need to implement joint initiatives that ensure civil society perspectives are represented in the mobilization and advocacy for reparations;

RECALLING that in November 2022, the African Commission on Human and People's Rights (ACHPR) passed a resolution (ACHPR/Res.543 (LXXIII) 2022) reaffirming that accountability and the provision of remedies for historical mass crimes, including slavery, the trade and trafficking of enslaved Africans, colonialism and racial segregation are integral to combatting ongoing systemic racism and to the advancement of the human rights of Africans and people of African descent;

FURTHER RECALLING that in August 2022, the Government of the Republic of Ghana and the African Union, in collaboration with global civil society, held the Accra Summit on Reparations and Healing to build on ongoing conversations in and outside of the African Continent and explore ways to create a platform for adoption of a single transcontinental plan for reparations;

REITERATING our respective and collective understanding and abhorrence of the profound and lasting impacts of slavery, colonialism, racial discrimination and neocolonialism on Africans and people of African descent, and how these continue to cause immense suffering, cultural disruption, economic exploitation, emotional trauma and unending discrimination endured by Africans and people of African descent throughout history;

AFFIRMING that the fulfilment of reparations is a moral as well as a legal imperative rooted in principles of justice, human rights and human dignity, and that the claim for reparations represents a concrete step towards remedying historical wrongs and fostering healing among the people of Africa and people of African descent;

UNDERSCORING the historic importance of this gathering and the impetus to operationalize proposed and/or existing multi-stakeholder mechanisms and processes as recommended by the 36th Ordinary Session of the Assembly of Heads of State and Government of the African Union, including but not limited to the establishment of an African Committee of Experts on Reparations for the purpose of developing a Common African Position on Reparations and Healing and incorporate therein, an African-Caribbean Programme of Action; and to consider the establishment of an AU – diaspora-wide program of action in pursuit of the objective of realizing a global African community;

revitalization of the global African community as a panacea for a much wider and sustained transcontinental campaign for reparations;

RE-EMPHASIZING the essentiality of resourcing and collectively strengthening the relevant civil society-led actions and initiatives in and outside the African Continent, and promoting a global African reparatory justice campaign that is devoid of unnecessary duplication of efforts;

HEREBY COMMIT to undertaking the following social, cultural, political and economic areas of action;

Guided by the rich deliberations of the Conference attended by legal experts, policymakers, academics, and stakeholders from, among others, the African Union, the global African diaspora and peoples of African descent, and the Caribbean Region

Commitments of the Accra Reparations Conference and Recommendations for Member States of the African Union:

1. Establishment by the African Union Commission and inauguration of a Committee of Experts on Reparations, in consultation with Member States, ECOSOCC and other AU Organs as well as the RECs, for the purpose of developing a Common African Policy on Reparations and incorporating therein, an African Reparatory Programme of Action, in accordance with due process and taking into consideration the following proposals:
   a. To serve as a principal point of reference for the African Union on matters relating to reparations and healing;
   b. To solicit, nurture and promote reparatory justice knowledge at the African Union, by developing and implementing knowledge about reparations between and among different AU organs, Member States and the global African community;
   c. Liaise with and support the mandate of an AU Special Envoy on Reparations for Africa; and
   d. Undertake any other tasks which may be assigned and determined by the African Union.

2. Establishment of a Global Reparations Fund, based in Africa and supported by multilateral institutions and agencies aligned with the reparatory justice agenda. Such a Fund will complement the efforts of similar initiatives in and outside the Continent, while operating as an autonomous entity geared towards ensuring the judicious utilization of a pool of resources to advance the campaign for reparations, in close cooperation with the African Union Commission and for consideration by Member States, according to due process;

3. Establishment of the Office of AU Special Envoy on Reparations for Africans, to be recommended for consideration according to the AUC due
process, and with a view to help champion the international advocacy and campaign for reparations at the global level. The full mandate of this Special Envoy will be determined, in consultation with the Executive Council of the African Union. The postholder of this office will reinforce the work of the Committee of Experts on Reparations and Healing.

4. **Recognition of African civil society efforts on reparations**: The African Union Commission, through the Citizens and Diaspora Directorate (CIDO) and the Economic, Social and Cultural Council (ECOSOCC), have made tremendous progress in engaging and collaborating with African peoples through civil society actors, and expanding engagement with the African Diaspora community through State and non-state institutions. To build on this and continue the advancement of equitable representation and participation that will inform the day-to-day discourses on reparations and reparative justice, we commit to supporting relevant African networks, coalitions and initiatives that foster synergy and cooperation between and among the relevant actors of the reparatory justice movement.

5. **Creation of a transcontinental partnership framework between the AU, CARICOM Latin American States, and the African diaspora in Europe and all other regions in the world, including, where appropriate, relevant CSOs**: This will seek to enhance Global South cooperation, in close coordination with the African Union Commission, through stronger collaboration between the African Union (AU) and other inter-governmental entities in the Global South with significant African and people of African descent. The framework will support efforts by the AU to accelerate processes that will catalyse the development of transcontinental messaging around reparations, including the need to emphasize that reparations are an integral pillar for the achievement of sustainable development. It will also be deployed to foster intercontinental knowledge building and exchange on reparations and healing.

6. **Exploration of legal and judicial options for reparations**: This will involve engagement, in close coordination with the African Union Commission, on the question of how international law interacts with or supports the quest for reparations, including the potential for exploring litigation options in regional and international court systems. This effort will require the African Union, including the African Court on Human and Peoples’ Rights and African Commission on Human and Peoples’ Rights, CARICOM and Latin American states, Europe and all other regions of the world, among others, in collaboration with civil society, to engage the United Nations and other multilateral bodies on the legal merits of the call for reparations, including on the question of whether acts of enslavement, colonialism and apartheid against Africans, constitute grave violations of human rights at the time they were committed. In addition, we support actions being taken in and outside the Continent by individual Member States and descendants of victims of these historical crimes and call on the African Union to lend its weight behind future litigatory actions for reparations.
7. **Increased role for the United Nations:** Conference Members call on the United Nations Permanent Forum on People of African Descent, to convene, in close coordination with the African Union Commission, an International Conference, involving former colonial powers, on the issue of reparations as well as to extend the Decade for People of African Descent, for acknowledgement and healing with regard to the Trans-Atlantic enslavement, colonialism, and apartheid.

8. **Establishment of a Legal Reference Group,** in close coordination with the African Union Commission, to be set up to support the AU Committee of Experts and the AU Special Envoy, through the provision of legal advice on the question of reparations, including best practice on the law, practice and litigation of the reparation’s agenda. The Legal/Expert Reference Group will further provide thought leadership and advice, drawing from global case studies, for influencing policy and advocating for the application of global norms in support of reparatory justice.

9. **Amplification of marginalized voices in the reparatory justice movement.** The Conference acknowledges that contemporary forms of discrimination, especially against women and young people, stem from long-standing discriminatory and non-representative policies rooted in colonialism, apartheid and neo-colonialism, which have further strained the overall development of former colonized countries in the Global South. As such, the Conference calls for political discussions on reparations accompanied by actions that demonstrate genuine socio-political equality through fair representation of marginalized voices.

10. **A united front for the reform of global financial systems and structures:** The delegates commit to supporting the advocacy campaign headlined by President Nana Addo Dankwa Akufo-Addo and the Republic of Ghana for the reform of the global financial infrastructure with a view to achieving a new global financial pact that is reparatory in nature and economically equitable in scope and practice. Member States of the AU, CARICOM and other developing and Least Developed Countries that have been adversely impacted by trans-Atlantic enslavement, colonialism, apartheid and other forms of extractivism, are urged to support the Government of Ghana and similar efforts, including the Bridgetown Initiative championed by Prime Minister Mia Amor Mottley of the Republic of Barbados, to pursue joint reparatory efforts within the global multilateral system.

11. **Increased and active role for AU organs Regional Economic Communities (RECs) in the reparations campaign:** Conference delegates further call on AU organs, the Regional Economic Communities (RECs) of the African Union, to take concrete measures, in close coordination with the African Union Commission, that would promote and sustain linkages between the various AU organs, the RECs and Civil Society, including through the use of information...
and communication technology as well as the arts and culture industries to advance reparatory justice and healing.

12. **Climate justice and reparatory justice**: The delegates of the Conference note that descendants of the victims of Trans-Atlantic enslavement and colonialism have also been exposed to the dangers of climate change, including the impact of environmental damage caused by the exploitative forces of colonialism and through the forced relocation of enslaved African labour to other regions. Delegates, therefore, commit to supporting efforts campaigning for the compensation of the people of African descent suffering from those effects.

13. **Repatriation, restitution and safeguarding of African cultural artifacts**: Developing a strong Common African Position on the Restitution of Cultural Property and Heritage and producing a Framework for Action on the Negotiations for the Return/Restitution of illicitly trafficked cultural property from the Continent in accordance with the Continental Consultations on the Restitution of Cultural Property and Heritage held from 30 November to 2 December 2021. African experts should endeavour to establish networks of African cultural experts, policymakers, certified dealers and auctioneers, and museum curators, among others, working in combatting illicit trafficking in cultural property and heritage. As the African Union Agenda 2063 underscored, Africa’s stolen culture, heritage and artifacts should be fully repatriated and safeguarded.

14. **Neo-colonialism**: Highlight that African States are still facing the repercussions of trans-Atlantic enslavement, colonialism, and apartheid through the persistence of neo-colonialism and dependency on former colonial powers. Hence, they call for immediate, just and comprehensive reforms of the prevailing architecture of multilateral institutions by fully realizing related African Common Positions particularly with regard to the composition and working methods of the United Nations Security Council, and the Bretton Woods Institutions, as well as ensuring an equitable and just international system through concrete measures including, but not limited to, special and differential treatment, common but differentiated responsibility and mechanisms for loss and damage, debt relief, curbing illicit financial flows and return of African cultural artefacts.

15. **Propose** the holding of the International Conference on Reparations regularly and **encourage** other AU Member States to offer to host the Conference in collaboration with the AU Commission, alongside other relevant mechanisms for dialogue relating to specific aspects of reparations to sustain the momentum.

16. **RECOMMEND** that the Theme of the Year 2025 be “**Justice for Africa Through Reparations**”.
DECLARATION ON HEALTH FINANCING AND SUSTAINING ACTION TO END AIDS AND RELATED COMMUNICABLE, NON-COMMUNICABLE AND NEGLECTED TROPICAL DISEASES IN AFRICA

WE, the Heads of State and Government attending the High-Level Event on Health Financing and Sustaining Action to End AIDS and related Communicable Non-communicable and Neglected Tropical diseases in Addis Ababa, Ethiopia, on 17 February 2023;

Preamble

We take note that in addressing the AIDS response, the Roadmap will take into consideration addressing other health challenges including Tuberculosis, controlling and eliminating Malaria, endemic and neglected tropical diseases, non-communicable diseases and improving maternal, child and adolescent health.

We take note that strengthening Primary Health Care represents the most cost-effective way to increase accessibility, quality and affordability of health services for populations, especially vulnerable populations. This is critical to progressively move towards Universal Health Coverage.

We take note of the challenges in health security, which is impacted by climate change, conflict and food insecurity, all impacting the health and wellbeing of affected populations, particularly mothers and children.

We recognize the critical importance of adequate nutrition for African populations, which underpins the ability to fight communicable and neglected tropical diseases as well as prevent or delay the onset of non-communicable diseases such as diabetes and cardiovascular conditions. We also recognize the impact of cancers on African populations, across all age groups, with challenges in the availability and affordability of diagnosis, treatment and related care.

We recognize that health and well-being is not only the responsibility of the health sector, but involves all other sectors which contribute to the well-being of African populations.

RECALLING AND EMPHASIZING the highest-level commitment shown by Africa’s Heads of State and Government to fight the AIDS Epidemic including but not limited to the following:

i. the AIDS WATCH AFRICA (AWA) was established in 2001 as an entity of the African Union and has a mandate to lead advocacy, accountability, and resource mobilization for the acceleration of action to combat the AIDS epidemic. The mandate of AWA was expanded to include Malaria and TB and all other Member States in 2012;

ACKNOWLEDGING WITH SATISFACTION that the United States President’s Emergency Plan for AIDS Relief (PEPFAR), The Joint United Nations Program on HIV/AIDS (UNAIDS), and the Global Fund for HIV TB & Malaria have contributed significantly to fighting HIV/AIDS in Africa for 20 years;

DEEPLY CONCERNED that despite the progress, and significantly affected by the disruptions to the AIDS response brought in by COVID-19, the AIDS epidemic is NOT OVER YET and that the continent is not currently on track to achieve an AIDS-free Africa by 2030:

- Vulnerable Populations due to the higher risk of acquiring HIV accounted for 70% of HIV infections globally 57% of which were from Africa;
- Gender inequalities are a key driver of the AIDS epidemic in Africa; six in seven new HIV infections among adolescents aged 15-19 years were among girls. Women and girls accounted for 63% of all new HIV infections in 2021;
- Risk-taking behaviour amongst the youth and adolescents, who constitute 75% of Africa’s population;
- Progress continues to be undermined by various factors such as inadequate financing levels, weak health systems including inadequate human resources for health, weak drug and commodity supply chains, insufficient quality control of medical products, inadequate integration of HIV services with tuberculosis, RMNCAH, Hepatitis, cancer and other health and development services;
- COVID-19 pandemic disproportionately threatened outcomes for people living with HIV (PLHIV) and adversely affected testing and treatment protocols, as well as their availability;

ACKNOWLEDGING that:

- The critical investments made in the HIV response have resulted in notable gains in life expectancy, and significant reductions in AIDS-related mortality and new HIV infections;
- HIV investments in laboratory systems, workforce, supply chains and other areas further strengthened health systems, enabling a more effective response to other health crises, such as COVID-19 and Ebola;
- The critical role that private sector, civil society, and faith-based entities have played and will increasingly need to play in the future of the HIV response;

WE COLLECTIVELY AND INDIVIDUALLY COMMIT TO:

1. Taking personal responsibility and providing active leadership in the HIV/AIDS response, championing the science, mobilizing domestic political and financial support, strengthening national capacity to oversee and manage the end-to-end response, and elevating dialogue on sustainable health security;
2. Creating a conducive structural, legal, regulatory, and policy environment that addresses persistent HIV-related equity gaps, promotes gender equality,
respects human rights, and eliminates discrimination and stigma for People living with HIV;

4. Reinvigorating continental leadership of the HIV response through the AIDS Watch Africa and Africa Leadership Meeting on Investing in Health (ALM) mechanisms to hold ourselves accountable for continental progress;

In this regard, in order to achieve very rapidly the targets of the 2014 Malabo Declaration on the eradication of hunger, the reduction of child stunting to 10% and underweight to 5% by 2025,

We agree on the following:

DECLARATION ON THE SITUATION IN PALESTINE AND THE MIDDLE EAST

WE, the Heads of State and Government of the African Union, meeting at the Thirty-Seven Ordinary Session of the Assembly of the African Union held in Addis Ababa, Ethiopia, on 17 and 18 February 2024;

TAKING NOTE of the report on the situation in the State of Palestine and the Middle East and all previous declarations, decisions and resolutions adopted by the Organization of African Unity and the African Union on the situation in Palestine aimed at achieving a lasting peace and security in the Middle East;

NOTING with great concern the dangerous developments in the occupied Palestinian territories and the brutal aggression launched by the Israeli against the Gaza Strip, which has been besieged for more than 17 years, using internationally prohibited weapons, targeting civilians, property, and infrastructure;

FURTHER NOTING the tragic crises on Gaza in which the principles of State Responsibility to Protect citizens and the Protection of Civilians in Armed Conflict, are being compromised with impunity by the Israeli authorities, and the dire humanitarian situation created by the targeting of civilians, particularly women and children and forcible relocation of about one million Palestinians contrary to international law;

REJECTING the Israeli violations of the fundamental rights and freedoms of the Palestinian people by continuing the blockade on the Gaza Strip, and the consolidation of an apartheid regime that discriminates on the basis of nationality and religion.

WE HEREBY DECLARE THE FOLLOWING:

1. STRONGLY CONDEMN Israel, the occupying military force, for its brutal war on the Gaza Strip following the 7 October 2023 attack, and its use of excessive and disproportionate force against unarmed 2.2 million civilians, which have led to the death and injury of thousands, including children, women and the elderly.

2. DENOUNCE the Israeli policies, represented by collective punishment measures against civilians, especially the attempts to forcibly transfer the Gaza population to the Egyptian Sinai Peninsula. These policies require an immediate international intervention and response.

3. DEPLORE the unprecedented support from some countries for the Israeli occupation, and recent unleashing of atrocities by Israeli military operation that targeted Palestinian citizens and their property, in addition to destroying the infrastructure of the besieged Gaza Strip under the pretext "Israel's right to defend itself".

4. GRAVELY CONCERNED of the possibility of the ongoing conflict spreading to Lebanon, other neighbouring countries and the Middle East region, CALL ON all external actors to stop forthwith further or any support to the war on Gaza;

5. REJECT the Israeli violation of the international humanitarian law, specifically the Fourth Geneva Convention, by targeting hospitals, medical centres, media facilities, and the use of internationally prohibited weapons, and support the call for an independent international investigation into these violations.

6. STRESS the urgent need to immediately open safe humanitarian corridors to alleviate the sufferings of the Palestinian People.

7. ALSO CONDEMN the Israeli administrative policy of detention without trial and request authorities to immediately release all Palestinian prisoners, especially children, women, elderly and sick, detained in harsh conditions in contravention of all rights guaranteed by applicable laws and international treaties.

8. REITERATE our commitment to the steadfastness of the cause of the Palestinian People for their homeland and our continued support for a peaceful and just solution to the Arab-Israeli conflict in accordance with the principles of international law and all relevant United Nations resolutions, which call for the
establishment of an independent and sovereign State of Palestine on the borders of 4 June 1967, with East Jerusalem as its capital.

9. **UNDERSCORE** the necessity of resolving the Palestinian issue to achieve a comprehensive peace in the Middle East region, on the basis of the two-state solution, provisions of international law, all resolutions of international community, the Arab Peace Initiative, decisions by the African Union, and guided by the vision of His Excellency President Mahmoud Abbas and his repeated calls to achieve peace.

10. **SUPPORT** the renewal of the State of Palestine’s request for a full membership in the United Nations, aimed at holding the Israeli occupation accountable for war crimes and crimes against humanity committed and still being committed against the Palestinian People.

11. **INVITE** all African countries to support the urgent relief campaign to the Gaza Strip in an effort to stop the humanitarian catastrophe resulting from the Israeli war, and further support the efforts to lift the unjust Israeli siege on the Strip and accelerate the reconstruction process.

12. **REQUEST** Member States and the international community to observe the provisions of international law and relevant resolutions of the United Nations and the African Union, and to work to end the Israeli occupation, which undermine the basic fundamentals of the international legal order.

13. **FURTHER REQUEST** AU Member States to end all direct and indirect trade, scientific and cultural exchanges with Israel in accordance with the resolutions of the international community, in particular Resolution 2334 (2016), paragraph 5, and the relevant decisions of the African Union.

14. **CALL** on the international community to ensure the protection of the Palestinian People in accordance with Security Council resolutions 605 of (1987), 673 of (1990), and 904 of (1994), based on the Geneva Conventions as well as resolutions adopted by the General Assembly, including its emergency special session in July 2018.

15. **FURTHER CALL** on the international community, and the major world powers in particular, to assume their responsibilities to impose peace and guarantee the rights of the two peoples.

16. **APPRECIATE** the ongoing African efforts to support the Palestinian People, especially the submission of its legal inquiry to the International Court of Justice (ICJ) requesting an advisory opinion on the legal implications arising from the Israel's continued violation of the right of the Palestinian people to self-
determination, and the prolonged occupation, settlement and annexation of the Palestinian territories.

17. **APPLAUD** the position of the Chairperson of the AU Commission, H.E. Moussa Faki Mahamat, in condemning the recent barbaric aggression on the Gaza Strip and harnessing the African solidarity in support of the Palestinian people and their legitimate rights.

18. **WELCOME AND COMMEND** the Republic of South Africa for taking the bold step to institute proceedings against Israel before the International Court of Justice (ICJ), regarding the blatant violations by Israel of its obligations under the International Convention on the Prevention and Punishment of the Crime of Genocide (the “Genocide Convention”) in relation to Palestinians in the Gaza Strip; **EQUALLY COMMEND** the Arab Republic of Egypt for providing urgent life-saving humanitarian relief to the people of Palestine, despite all the challenges.

19. **FURTHER WELCOME AND COMMEND** the urgent provisional measures ordered by the International Court of Justice (ICJ) on 26 January 2024 in the application submitted by the Republic of South Africa against Israel regarding the ongoing conflict in the Gaza Strip, which upholds the universal respect for international law and the imperative for Israel to comply immediately with its obligations under the Convention on the Prevention and Punishment of the Crime of Genocide. **EQUALLY COMMEND** the Republic of South Africa and calls on Israel to fully comply with the provisional order and embrace the persistent calls by the AU and other freedom-loving international actors, for a permanent ceasefire in the collective interest of peace and stability in the Middle East.

20. **UNDERLINE** the imperative to address the root causes of this protracted conflict, particularly the unjustified and continued Israeli occupation, confiscation of Palestinian land, Israeli settlements, and unchecked violation of international law: and the stalled peace process in wanton defiance of international law and UN Security Council’s resolutions: **WHILE REAFFIRMING** that only a political solution based on the two-state vision, is the most feasible way to guarantee peace, stability and security for the people and States in the region.

21. **REAFFIRM** our position that a just, comprehensive and lasting peace in the Middle East requires the complete Israeli withdrawal from all Palestinian and Arab territories occupied since June 1967, including the Syrian Golan Heights and the territories still occupied in southern Lebanon, and the embodiment of the independence State of Palestine with East Jerusalem as its capital, and the return of Palestinian refugees to their homes.
