COVID-19 MEASURES in MEMBER STATES

31 July 2020

16 Edition

This publication comprises a listing of measures that COMESA Member States have put in place to contain the spread of the Corona virus. They cover trade facilitation and support to businesses, protection of the vulnerable from the impact of the spread of the virus and other relevant measures. It also includes the support received from the international community Aid agencies. A trendline on the number of cases reported has also been included as well as the contacts of the focal points in the Ministries that coordinate COMESA activities in Member States.

This document is updated on a regular basis to take into account the new measures that governments are putting in place in response to the changing circumstances.

The data and information are drawn from monitoring press briefings of the national COVID-19 response taskforces and other open sources.

Ethiopia

BACKGROUND

The first case was reported on 13 March 2020.

Preventive Measures in Place

- On April 8, the Prime Minister declared a State of Emergency for 5 months under Article 93 of the constitution, which allows it to impose more stringent measures.
- Closing of all schools including institutions of higher learning and banning of public gatherings including sporting events from 16th March 2020
- Release of over 4000 prisoners to prevent overcrowding in prisons and contain the spread of the coronavirus
- Postponement of elections from 29th August 2020 to a new date to be determined
- The mandatory 14-day quarantine of arrivals from abroad has been shortened to as few days as three. In addition, passengers from abroad who hold COVID-19 negative certificates are mandated to isolate themselves for only three days after giving samples and stay for 14 days at home before joining their communities.
- All movements across land borders, except for the flow of cargo and essential goods, are suspended effective 23rd March
- Closure of all-night clubs and places of entertainment effective 20th March until further notice
- Wearing of face masks is mandatory when visiting 'service providing' places such as shops and everyone must stand at least two strides apart
- Government employees ordered to work from home
- Sporting activities at all levels are prohibited
- Greetings by handshake are banned
- As of 1st April, suspension of mass gatherings in places of worship including mosques and churches
- House to house screening and diagnostic testing conducted.
- Rigorous contact tracing, isolation, compulsory quarantine and treatment.
- COVID-19 Response Fund established for resource mobilization. Comprises both private and public institutions. Contributions are both financial and non-financial and include buildings, hotels, vehicles, sanitary items, masks, etc.

Trade Facilitation / Business Support

- Extra funding for healthcare facilities
- Removal of the restriction on floor price for flower exports that was previously set by the National Bank of Ethiopia
- National Bank of Ethiopia has availed 15-billion-birr (About USD 450 million) liquidity for private banks to enable them to provide debt relief and additional loans to their customers in need and especially the businesses adversely affected by COVID-19
- Clamping down price gouging by retailers to protect low income households
- Emergency support of \$82.8M from the World Bank to mitigate the economic impact of COVID-19
- Ethiopia has relaxed rules for mobile banking and money transfers, opening the market to all local businesses to encourage people to go cashless to control the spread of coronavirus
- Commercial banks ordered to give priority to importers that import goods to combat COVID-19 like ventilators, sanitary goods and medical equipment, including testing kits, when providing forex.
- Ministerial level macro-economic management sub-committee has been set up

-
- Waived all duties and taxes on all medical supplies and equipment imported to fight COVID- 19
 - Ethiopian Airlines continues to operate concentrating mainly on cargo deliveries and scaled down passenger flights by about 90%
 - Border closure in effect but no restrictions on cargo movements from Djibouti to Ethiopia. Custom offices operating on both sides. However, shortage of trucks to Djibouti due to spike in demand
 - Djibouti Port operational for Ethiopian service. However, extended lockdown in Djibouti affecting operational hours for Shipping Lines and the storage space shortage in Djibouti port adds costs and time to the clearance of containers at the port.
 - Ethiopia-Sudan border is closed to all traffic.
 - Customs and Revenue authorities are facilitating continuity of business by implementing e-documents and e-payments and pre-arrival clearance procedures and exempting some required documents such as certificate of origin.
