## Domestic Taxes on Goods and Services

### Value- Added Tax (VAT)

VAT is an indirect tax. This means that the person who bears the tax is not directly assessed by Inland Revenue (Ministry of Finance) but rather indirectly through the taxation of the transaction into which he/she enters. VAT is a tax that is levied when goods or services or both are supplied. There are two VAT rates and they are the 0 % and 15 % rates respectively. Persons who make exempt supplies cannot register for VAT, charge VAT nor claim VAT paid on the acquisition of goods or services for his/ her business.

### Fuel Levy

This is a fee levied on the import of fuel. Collections under this item are paid directly into the State revenue Fund, and the rate is subject to fluctuations in the market.

### Liquor Licenses

Every liquor license holder- those who are in the business of trading with liquor products- are liable to pay a prescribed fee for the holding of that particular license.

### Fishing boats and Factory Licenses

This fee is paid by all right holders whenever applying of a fishing vessel license. The fee is payable for a license to use a fishing vessel carrying a Namibian or Foreign Flag vessel for harvesting marine resources outside Namibian waters.

### Hunting and Fishing Licenses

This fee is paid for the purchase of Recreational Fishing Permits. This refers to small scale fishing conducted by individuals with the primary goal of pleasure –e.g. sport - but with a possible secondary objective of catching fish for domestic consumption. This does not allow for commercial ventures. Fees applicable are as follows: Monthly: N\$ 14.00; Yearly: N\$ 168.

## Prospecting Licenses and Claims

This item is the repository of all fees paid in terms of Section 123 of the Minerals (Prospecting and Mining) Act, 1992. It evolves around all applications for the renewal or currency of non-exclusive prospecting license (NEPL) or mineral license such as Exclusive Reconnaissance License (ERL), Exclusive Prospecting License (EPL), Mineral Deposit Retention License (MDRL) or Mining License (ML); or with the application and registration of mining claim.

## Fishing Quota Levies

Fishing Quota Levy is a fee payable by all quota holders on seasonal basis. Every person to whom a quota is allocated under section 39(3) of the Act shall, in respect of any of the species (Hake, Horse Mackerel, Pilchard, Crab, Rock Lobster, Tuna, Monk, Orange roughly and Seals) pay in respect of every metric-ton of the species of fish so allocated, the appropriated fee specified and the formula structure used by the Ministry is set-out in the Government Gazette, no: 134 of the Marine Resources Act: Determination of Quota Fees of June 30<sup>th</sup> 2004.

## Gambling License

This is a control and regulatory mechanism that provides assistance to the gambling industry. Through levies paid for the acquisition and holding of the license, this control measure is equally an income generator for the State.

## Taxes on International Trade and Transactions

### Customs and Excise

These are commodity taxes imposed on goods imported from outside the Southern African Customs Union (SACU) and on a limited range of locally manufactured goods (excise duty).

### Customs Revenue Pool Share

The revenue share accruing to each SACU member-state (Namibia, Botswana, Lesotho, Swaziland and South Africa) is calculated from three basic components: *a share of the customs pool*; *a share of the excise pool* and *a share of the development component*, and are calculated as follows:

*Customs Revenue* is distributed on the basis of intra-SACU imports. Each member-country presents its trade statistics.

The *Development Fund* has been created from 15 % of the total excise collections, and, with an adjustment of a small proportion to the total amount that is dispersed in accordance with an inverse of each country's GDP per capita, this Fund is largely distributed equally amongst member-states.

The remaining *excise revenue* is distributed in proportion to member-countries' GDPs.

### Customs Revenue Formula Adjustment

Customs Revenue Formula Adjustments, legitimized by a now defunct document – the 1969 SACU Agreement – and hence in the process of being phased-out -, is an amount paid-out in a given financial year in relation to the difference between the actual amount received by each member-state from the Revenue Sharing Pool and the amount due to each member-country, as determined by recalculations of the latest trade data for the given financial year.

## Other Taxes

### **Stamp Duties and Fees**

Stamp Duty applies to numerous types of documents. The “Duty” may be imposed in the case of a written agreement, marketable securities, etc.

## NON - TAX REVENUE

### Entrepreneurial & Property Income

#### **Interest receipts for loans extended under On-lending Arrangements**

#### **Government Organizations, Public Enterprises and Non-Profit Organizations (Interest receipts for Loans extended to Parastatals)**

This item is the custodian of all interest receipts accruing on loans extended to parastatals. In Namibia, sovereign debt management is solely the responsibility of the Ministry of Finance and in terms of the State Finance Act 31 of 1991, only the Minister of Finance or any other person authorized by him/her can borrow and sign loan agreements on behalf of the Government (GRN). Against that back-drop, the Ministry of Finance, –representing GRN- borrows externally on behalf of Parastatals, and thereafter, to channel the funds to the needy entities, the Ministry of Finance engages the said Parastatals in an on-lending loan arrangement. The conditions of these two arrangements vary, in the case of the on-lending agreement; the interest rate is higher than the rate applicable under the main loan agreement. The on-lending arrangements obligates the borrowing state-owned-entity to service both the debt and the corresponding interest’s costs.

#### **Hotels and Guests Houses (Interest receipts for loans extended to Hotels and Regional Councils)**

This item is similar to the on-lending loans agreements entered into between GRN and Parastatals,- explained above-, the only difference lies in the nature of players. This is done in terms of Section 29 of the State Finance Act (Act no. 31 of 1991).

#### **Interest on Investments**

This is the repository of interest accruing on two pre-independence investment arrangements that Government (South West Africa Administration), for the purpose of erecting health facilities, channelled through the Rand Merchant Bank and Mercantile Bank at ‘soft’ rates of 5.25 % and 5.5 % respectively. The two banks then independently lent the funds to Medico Holdings – the only applicant and hence victor of the tender to construct amongst others, two fully equipped hospitals at Otjiwarongo and Windhoek - for two respective periods of twenty-five (25) and twenty years (20) at a rate of 6.25%. In the case of the Rand Merchant Bank, the first payment was made on November 4<sup>th</sup> 1998 whilst the last payment is due on May 4<sup>th</sup> 2013. For the Mercantile Bank, the first payment was made on January 28<sup>th</sup> 1990 whilst the last is to be made on the July 28<sup>th</sup> 2009.

#### **Dividends and Profit Share from State-owned-Enterprises**

Dividends and profit shares are returns accruing to Government –as a shareholder- on funds invested in fully and partially state-owned enterprises – referred to as Parastatals-. These shares are calculated within the framework of particular Dividend Policies adopted by relevant Boards and hence the formulae employed by each entity are vastly different from those of others and this is so for the reason that all dividend policies are customized and adopted to the particular contexts, needs and environments within which particular entities operate. Dividends to shareholders may be paid as Special Dividend, Interim Dividend and Annual Dividend.

## **Interest on State Accounts Balances**

This is the depository of all interests paid by Bank of Namibia (BoN) on the *Balances of State Accounts* exceeding N\$250 million at a rate of T-19 treasury Bills minus 4.5 percent (%).

## **Diamond Royalties**

In terms of Section 114 of the Minerals Act, 1992, the holder of a mining claim or mining license shall be liable to pay the Mining Commissioner -for the benefit of the State Revenue Fund -a royalty in respect of any rough and uncut diamond at a rate of 10% of the market value not later than the date on which the sale or disposal of the mineral (diamond) takes place.

## **Other Mineral Royalties**

### **Royalty on dimension Stones**

Royalty on dimension stones is calculated at rate of 5 % of the market value payable not later than 30 days after the end of each period of six months from the date the license is issued or such claim is registered.

### **Royalty on Minerals other than Precious Stones (such as Diamond) and Dimension Stones.**

Royalty payable on minerals other than precious stones (such as diamond and dimensions stones) was recently imposed by the Minister of Mines and Energy. The royalty imposition was put on the Government Gazette on 01 December 2006 in terms of the Act.

## **Fines and Forfeitures**

This item is the repository of all fees paid in fines for various contraventions and trespassing. The account also houses funds confiscated and forfeited to the state from individuals who acquired them through dubious and or questionable means.

## **Administrative Fees And Charges And Incidental Sales**

These are fees collected by Office, Ministries and Agencies on administrative services and sales.

## **Levy on Export of Game and Game Products**

Through a Cabinet directive to conserve the fauna and preserve it for future generations, a levy is charged on the moving of living wild-animals from their habitat for export purposes. These proceeds are deposited in a Trust Fund.
