

Agenda 2063: The Vision For 2063

The African Union Vision and the seven aspirations emanate from extensive consultations from stakeholders, cutting across all spheres of the Africa people. With these aspirations, the African people reflect their desire for shared prosperity and well-being, for unity and integration, for a continent of free citizens and expanded horizons, where the full potential of women and youth, boys and girls are realized, and with freedom from fear, disease and want.

The Vision of the African Union is to become an integrated, prosperous and peaceful Africa, driven by its own citizens and representing a dynamic force in International arena.

Africa shall be free from armed conflict, terrorism, extremism, intolerance and gender-based violence.

Aspiration 5: An Africa with a strong cultural identity, common heritage, shared values and ethics

Africa shall be a continent where Pan-African ideals are fully embedded in all school curricula and Pan-African cultural assets (heritage, folklore, languages, film, music, theatre, literature, festivals, religions and spirituality.) will be enhanced. African languages will be the basis for administration and integration and the stolen culture, heritage and artefacts are fully repatriated and safeguarded.

Africa shall be an inclusive continent where no child, woman or man will be left behind or excluded, on the basis of gender, political affiliation, religion, ethnic affiliation, locality, age or other factors. All the citizens of Africa are actively involved in decision making in all aspects of development, including social, economic, political and environmental. Women and youth are fully engaged and empowered to play their rightful role in all spheres of life.

Aspiration 7: Africa as a strong, united, resilient and influential global player and partner

Africa shall be a major social, political and economic force in the world, with her rightful share of the global commons (land, oceans and space).
